Hello Friends and Customers!

Since early 2021 the business
climate has been brutal, not just for us,
but for most family-owned companies. I
am grateful to God for showing us how to
navigate these last two seasons. I am also grateful
to our family of Living Water clients. Thanks for
your patience, loyalty, and
understanding. You have been great!
Lastly, I get to work with amazing men
and women. Way to hang in there!

As we shift from summer to
fall, please keep your mow height long
through the first week of October and
keep watering. Do this and
your lawn can really bounce
back from summer stress. We will keep
applying weed control through the end of
October. It was a tough year for weeds,
but we can get a jump on next year now.

We are including this year's Fall
Checklist with this newsletter. It has super
helpful information...check it out!

Last newsletter I wrote about the watering
restrictions that will be fully enforced
next season in Spokane City. I have
been doing some experiments this
summer to see how you can best care
for your lawn with these extreme
measures coming our way.

Starting next year I will have more
information on what I have found that
works. For now though, whether you are in
Spokane City, County, Idaho, or
The Valley, follow those Fall
Checklist suggestions and get
your flannels and sweaters
out.

Commit your work to the Lord & it will succeed - Proverbs 16:3

Lisa and I were praying this morning about something tough. It once again dawned on me that fear robs our present, but gratitude sharpens our perspective. The Bible says, "hold on to what is good." That's great advice for all of us. Please take care!

God Bless,
Mike

"I just wanted to take a few minutes to tell you how much I appreciate Brian who did my necrotic ring spray today. He represents your company so well! I think he's worked for you for 17 years and I appreciate the quality of individuals you and Mike employ! I also wanted to take a moment to tell you how positive the various gals that answer the phone and deal with a multitude of questions and customers in such a positive way. I am very grateful to have your company provide services for us out here in Cheney!"
