Commit your work to the Lord & it will succeed - Proverbs 16:3

Hi Friends & Neighbors,

Recently, I found a wonderful letter and poem a
customer had sent us earlier this season. There it was on
my kitchen table. Since the letter was sent in May, how it
re-arrived beats me. Our customer, many years ago
while attending a Native American Pow-Wow, had the privilege of assisting a young woman
to begin her Faith Journey with Jesus. While
reading the customer's poem/song that came
out of that experience, I was reminded of what's really,
truly important. For me, it's simple; God and people.

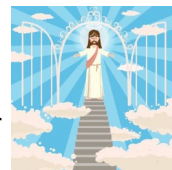

I want to thank so many of you who Lisa and I
have been privileged to interact with this season. Even if
we didn't get to see you in person, we want to thank you
so much for your continued support.

Without a doubt, working like I used to in
my 30's had some downsides, but that
wasn't one of them. We all are troubled by
the times our nation is going through. I want to assure
you that there are plenty of awesome humans out there.
Lisa and I met them every day this year.

We don't have to all agree about
issues to be kind and respectful. Jesus said
(paraphrase), "Do good and pray for your
enemies." He of course is brilliant. First, our
hearts change towards those we disagree
with. Second, we get heaven on the job. Talk about the
big guns :), and finally we are emotionally healthier and
happier. Of course, none of this is easy at first, but if we

ask for some help as in, "Hey God it's me."
It can happen. Once again, thank you for
supporting us, and even loving us, through
another tough season. Our customers are
some of the best humans around!

Love and blessings,
Mike and Lisa

WHAT OUR CUSTOMERS HAVE TO SAY!

Shout
out

"If you got annoying weeds, then have this company spray your lawn. After 1st spray 99% of weeds completely died off and disappeared. We had clover weed spreading insanely and I've tried the different weed control stuff you get from stores and fertilizers, the weeds only grew stronger and grass grew weaker. After Living Water people sprayed it 1st time the grass became deeper green and weeds immediately started dying off and not coming back. Don't waste money on store-bought junk, they're formulas are messed up or something. Now I feel like my lawn is the greenest and cleanest in our neighborhood, before I thought we had the most weeds in our neighborhood."
